M+ is more than a museum

M+ is a museum dedicated to collecting, exhibiting, and interpreting visual art, design and architecture, moving image, and Hong Kong's contemporary visual culture. Located in Hong Kong's West Kowloon Cultural District, it is one of the largest museums of modern and contemporary visual culture in the world, with a bold ambition to establish ourselves as one of the world's leading cultural institutions. M+ goes beyond the museum building to make the story of visual culture accessible to everyone.

The power of +

M+'s thought-provoking exhibitions, art, design, and digital commissions, special events and far-reaching community and learning programmes explore the impact of visual culture on the past and its potential in shaping future imaginations.
