

▶ Think deeper: What are the three other uses of mops?
Who decides the functions of an object?

Mops are common cleaning tools for wiping floors.
What is the mop now used for?

Dare to go beyond the bounds of conventions

Circle objects that are presented in an unusual way!

▶ Think deeper: What are the similarities between your selected objects?
Can you find these objects in the galleries?

Which objects would you use for art making?

Circle your choices before entering the South Galleries.

Dare to experiment with ideas

Dare to express yourself

Did you ever imagine you could fly?

Can you recall any fantastic ideas you had as a child?
Draw them here!

Welcome to M+! We are a museum of visual culture. We exhibit objects that come from the creative minds of artists and designers. Hopefully you will find something that sparks a connection for you!

Have you ever wondered where creativity comes from? The various galleries of M+ may provide clues. This zine encourages you to start your investigations by finding familiar materials and imagining how makers realise their ideas in unexpected ways.

Visit our South Galleries for a closer look, and more importantly, explore your own feelings in response to the works on view. Creativity often comes not from what is around us but rather from what is within us.
